Outdoor TV

All-weather enclosures
for Sony Bravia 9 TVs

OutdoorTV

All-weather enclosures
for Sony Bravia 9 High-
Brightness TVs

Patents Pending

Tempest, undisputed world leader in outdoor projector enclosure technology, partners with Sony to bring the amazing high-brightness OLED performance of Bravia 9 TVs into the Great Outdoors!

Now you can safely deploy these fine TVs anywhere — patios, pool decks, outdoor nooks and bar areas, using Tempest's OTV enclosures.

These housings are easy to install, on standard VESA wallmounts, and active components are modular, for quick and easy service in the field.

Key Features:

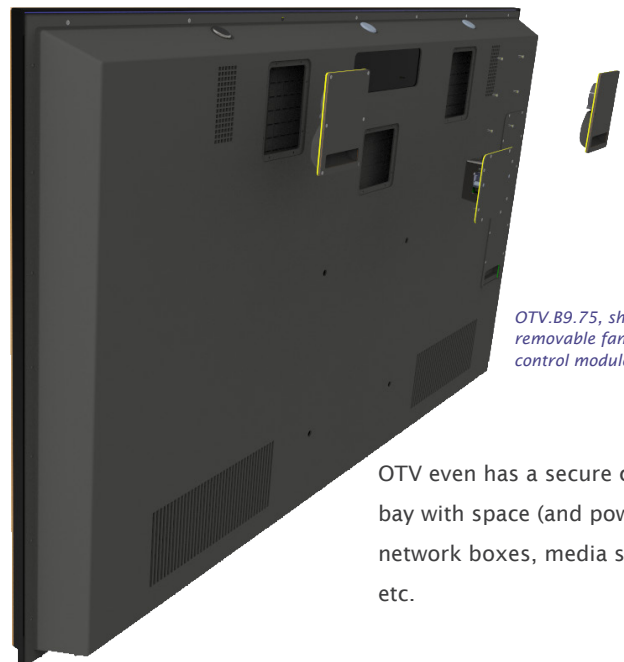

- **65, 75, 85in models**
- **Glass-free design** eliminates reflections, light loss and condensation risk
- **Customizable bezel finishes**
- **Active cooling** automatically maintains optimal internal temperature
- **Modular fan and control** units for serviceability
- **Full feature set**, including IR, Mic, Wifi etc
- **Original sound performance** — no compromises
- **IP56 Rating**
- **Standard VESA mount**
- **Easy integration**

Box Clever

OTV Enclosures are smart - in more ways than one. Intelligent control of ventilation guarantees optimum performance in any weather, and weatherproof speaker grilles ensure perfect sound reproduction - no compromises.

And because we care about longevity and serviceability, OTV's active components are all modular - simply pop out and replace in the event of service issues down the line.

OTV.B9.65 65in Outdoor TV Enclosure with Sony Bravia9 TV, in standard Deep Charcoal finish.

OTV.B9.75, showing removable fan and control modules

OTV even has a secure cable bay with space (and power) for network boxes, media servers, etc.
